

Pricelist Documentation

Siewert & Kau Technologies Vertriebs GmbH

21/03/2023

v1.0.3

Introduction

Enclosed you get the description for the csv-pricelist. Please note that we accept no liability or guarantee that all information is complete, without error and up to date. The data in the price list are updated approximately every hour and of course we try to keep all information always as timely and accurate as possible.

Filename

The filename is composed of your Siewert & Kau debtor number and “_full.csv” (for the complete list) and “_small.csv” (update-list).

Example: SKT-D004711_full.csv and SKC-D004711_small.csv

Format

UTF-8

Separator

You can choose semicolon, pipe or Tab as delimiter. This is set by “Update Price list” in the online shop.

Structure of pricelist *full.csv

Article Data

#	Field name	Type	Description
1	ProductID	String	S&K article number
2	ManufacturerID	String	Manufacturer article number
3	DebitorID	String	Debitor-specific article number
